Assessor Comments	An annual draft of the "Widgewa station" steers. March/April drop, impeccably bred & pure Dunoon blood. These steers are		

very hard to fault, coming with the agents highest recommendations. These are the second draft, with the vendor having another load of heavier steers in the sale. The steers are currently in the weaning process, having been taken off the cows 24 hours prior to assessment & will be on good quality pasture hay until delivery. Buy with confidence, knowing that the Widgewa steers are highly sort after by feedlots & backgrounders alike.
