| Assessor Comments                     | A/c Three Rivers Angus P/L (Formally Jomon agriculture) offer 56 outstanding quality Angus heifers 7-9 months sired by top quality Jade Park angus bulls. These heifers are the lead draft out of 95 offered in this sale & would normally be held for the North East Victoria feature January weaner sales where they have always lined up in Elders front lane. I would describe these heifers as excellent quality presenting in forward store condition. These heifers would make top quality future breeders. Weight range at assessment was 260kg - 324kg to avg 263kg curfewed. Note same vendor offers one more lot of heifers & two lots of steers in the same sale totaling 247 head on offer in this sale. Please also note the strict delivery day of Wednesday 4th of December. |                                           |                                     |
