Assessor Comments	B double load of vendor bred Angus feeder steers that will boom on green feed or grain. Plenty of frame. Dropped in Aug/Sep 2023 they had a good start then a very tough summer, autumn and winter. They have been on good feed for the last 6 weeks and have jumped away putting on nearly 100kg. Bred out of big frame Banquet and Western Vic bred cows and sired by Bushy Park bulls who have used a lot of Millamurrah semen. Normally taken through to bullocks though given

the seasonal conditions they are selling now. Some still have their winter coats and look a bit rough while most of them are cleaning up and starting to shine. Well bred steers
