Assessor Comments	Noorinya Angus, Coleraine, Vic, will offer 73 Angus Steers 13 - 14 months, Dollar Angus Bld, PCAS Eligible, Grass fed & Antibiotic Free. Steers will present in good fresh healthy store condition weighing from 290 - 460 kgs to Ave 352kgs at assessment. These steer calves are extremely well bred out of large frame cows, bred by Dollar Angus bulls, they display great, bone, width, depth & softness. These steers are really on the do and just starting to clean up in the coat, would be ideal to background for future feedlot markets, or the breeding in these steers would allow purchaser to finish at domestic or heavy export weights with ease given the opportunity, either on grass or grain. Steers are very quiet, an absolute pleasure to handle at assessment. These steers come with my highest recommendations and will not disappoint. Note steers had walked 10 km morning of prior to assessing, so getting a good curfew weight.
