Good to Handle in and out of the yards. Rangeland Bred cattle that have been educated as Weaners. They have been pound & race drafted. They flow very well and will need steadying through gateways. They can be quick through the draft & are reactive to pressure in the race but are easy to handle with good stockmanship.

Handled With	Aerial (Helicopters, gyro’s and planes) , Bikes , Vehicles

Assessor Comments	192 GQ Vendor Bred Braford Cross Heifers. Majority Exhibit Medium Bone, Length, Depth and Frame for their age. Ideal Heifers to background to Trade Feeder weights, with the pick suitable for Replacement Females. They are acclimatised to Grass, Mulga & Spinifex so can handle all types of country. Majority have Good Feet, Tidy Heads & were 100% weighed & assessed after 6 hours off feed & water. Take note of the compensatory weight gain available in these Heifers. There is some Prickly Acacia in the paddock these Heifers came out of. These Heifers are 1 half of a "run of the gate" mob to fit on 4 decks. It would be appreciated if buyers could organize their deliveries in a similar timeframe. Refer to above trait table for any faults. They are a total tally from the 2 mobs of Heifers combined, which will be split evenly at delivery to best ability. *Vendor has own transport & is happy to deliver Heifers within 400km of Winton free of charge. Any further to be negotiated.
