Assessor Comments

An outstanding quality line of Bongongo blood Angus Steers. The steers are very quiet to handle, showing plenty of muscle, frame and quality with leading genetics used from Bongongo Angus Stud including an AI program conducted.

Steers are very healthy-looking and gaining weight quickly after being early weaned in February. Would be ideal steers to background to heavier feeder weights to fit into most Angus branded feeder programs. Very tight weight range between 355kg and 390Kg. Note - Vendor has 2 lines in this sale. No Grain & No Antibiotics.
