Assessor Comments	Quality Angus Calves. There are 4 steers with pink eye scaring in one eye and one steers with blue eye. There are nine steers with white underneath in the scrotal area. These calves are out of good frame station bred cows with great genetics. These calves are sire by Dunoon & Dulverton Angus Bulls. These weaners pulled off their mothers the day prior to assessment please take into consideration that they had an overnight curfew. These Angus steers have great shape bone			

and frame for age. These cattle are of the highest quality I have seen. Vendor has another lot of Steers and Heifers listed in same sale.
