Assessor Comments	A top-quality line of one mark vendor bred Angus steers. Vendor has been selecting quality bulls for the last 15 years. These heifers are sired by Cascade & Kansas blood bulls. Steers show good confirmation and are all generally true to type and would be ideal to carry on to feeder steers or alternatively fattened to heavier weights. Steers were bred on the vendors property in the New England Region on NSW and have been doing very well with favourable season conditions since arriving. Grass & antibiotic free.
