Assessor Comments	A line of well bred heifers surplus to requirements. Heifers are classed out of a large herd that is meticulous when selecting bulls with an emphasis but not limited to 400 day weight, IMF & EMA. Out of a solid medium to large frame cow herd these heifers are predominantly of medium to slightly better frame and present with very little fat cover due to a dry spring. An opportunity to show these heifers good quality feed and fatten over summer. Please refer to notable traits regarding old pink eye scarring with examples in photos.
