Assessor Comments	Lead draft of 53 Hereford steers Ac JH Nankervis Nom. Out of a highly regarded herd of large framed Yavenvale and Surgarloaf Hereford blood cows. Steers have been well looked after through a tough winter and spring and have started leaping ahead in the last month to present in good store to forward condition with length and bone to grow out into big bullocks in the future. Steers are unweaned at assesment and will be weaned at delivery it is the opinion of the assessor that cows have started the process themselves and that and given feed in front of them steers wont look back. Top quality upper Murray bred Steers that will suit any fattening operation.
