Assessor Comments Offering on behalf of The Kneebone Family Trust a great draft of 40 Angus steers that would ideally be suited to walk into a feedlot scenario. Displaying the length of body, frame and maturity these steers are a testament to the program for producing easy doing cattle that are easy to work with. There is a small group of 9 steers that have been bought in that are pure Tabletop Angus blood with the majority being sires by high performing Alpine Angus and Pathfinder Angus bulls with a

	high emphasis on the positive carcass traits including high IMF. The Kneebone Family have been producing quality Angus stock for many years and are offered with the utmost confidence for any feeding program or for anyone looking for steers with added frame to grow out to heavy export weights.
