| Assessor Comments                     | 85 Watervalley Black Angus heifers pregnancy tested empty Ave 337.4kg LW curfew. Presenting as an even line from 302kg to 388kg in store condition with a good but lighter frame that will feed on well, 20-26 mths. Just showing the tougher autumn and winter they had although showing freshness and ability to go forward shown feed. True to Angus type, with off types removed at assessment The Watervalley cattle are well known for their doing ability and will perform well for those buyers with feed and wish to add value to their purchases. |                                                               |                                        |
