Assessor Comments	Here presents an opportunity to immediately capture some Compensatory Gain on a quality line of Brangus steers. These steers will make good quality export feeder steers with them being eligible to be sold as flatbacks into most heavy feeder markets. They exhibit good growth and bone and would also make suitable steers to grass finish as bullocks. They have been bred at Cerberus and have been backgrounding at Coreen. They have been regretfully offered for sale due to seasonal conditions. Eligible for grassfed Programs. THIS VENDOR HAS 3 OTHER LOTS IN THIS SALE.
