Assessor Comments	Buyers a 2 deck line of weaned heifers sired by high priced Gidyea Brangus and Ultrablack Glenlands Droughtmaster and Speckle Park bulls out of medium to large framed Brangus and Ultrablack ,Droughtmaster cross cows. Weaned in March and powering ahead on green feed after recent rains. The majority would suit as future breeders and would be an asset to most breeding herds alternatively would be ideal to background for the lucrative Domestic feeder market. Please note 1 heifer observed with old blight scar in 1 eye, Heifers observed with horns were only weaner horn well inside ear. neither considered detrimental.
