Vendor Comments

Part of annual turnoff. Buyers please note there are 4 x entires that were marked with rings included in this lot.

Temperament	Yards	Crush	Paddock
	Docile: 25 head Quiet: 73 head Slightly Stirry: 11 head Stirry: 1 head	Docile: 25 head Quiet: 71 head Slightly Stirry: 8 head Stirry: 6 head	Temperament not assessed in Paddock
	Weaners flowed through draft and up race well at assessment considering first time up the race. Odd steer stirred under pressure in race but settled once back with the mob. In the big yards weaners were very quiet and easy to move between yards.

Assessor Comments	Buyers a 3 deck line of PCAS eligible Santa X weaned steers that present in good strong store to forward store condition and are best described as large frame. Steers show plenty of length & bone and will continue to grow into good heavy feeder steers or grassfed bullocks. This line of weaners have been predominantly sired by very good quality Waco Santa bulls out of Santa, Droughtmaster X and Angus cows. Buyers please note there are 4 entires that have been ringed prior to assessment they are photographed separately (photo 41) and believe there will be no issue going forward. Steers will have been weaned in yards for a week at delivery being fed quality lucerne hay. A very good line of steers with a great performance history & temperament that will bounce ahead on fresh green feed.
