Quiet: 24 head

Temperament not assessed in Paddock

Heifers were good to handle in all parts of the yards. They fed up into the crush well whilst being assessed. Some heifers did react whilst in crush although once let out settled back to the mob.

Assessor Comments	Buyers here is an opportunity to buy a run of heifers that present in forward store condition. These heifers are normally retained in the herd to breed from so will make future breeders or will suit backgrounders. These heifers are powering on with the green feed in front of them and i would expect they will keep going forward on the right feed conditions. Please note. Vendor has 12 steers in the same sale.
