Assessor Comments	A line of predominantly Angus and Charolais X steers presenting in store condition. Steers are showing good frame for their weight and should give potential buyers good compensatory weight gains. Steers were bred on lighter country and should do well. A percentage of steers did stir in crush at assessment but were good to run through the race. Please Note: One steers has warts on his neck and one has warts above his eye, see photo's for more detail.
