These heifers have been sired by the Durkin Angus bull and out of the vendors own Angus Angus cross cows, which include Clunie Range Angus & Mosquito Creek Angus blood. Season have been on point and these heifers should continue hitting their straps and would suit most kill jobs or would provide good quality heifers to retain as replacements. Please note; at least 3 heifers seen with varying white on udder or navel. 1heifer had fresh pink eye at assessment and was treated with terramycin spray. 3 seen with varying amount of warts.
