Assessor Comments

A quality line of Bongongo blood Angus Steers. The steers are very quiet to handle, showing plenty of muscle, frame and

quality with leading genetics used from Bongongo Angus Stud including an AI program conducted. Steers are very healthy-looking and gaining weight quickly after being early weaned in February. Would be ideal steers to background to heavier feeder weights to fit into most Angus branded feeder programs. Note - Vendor has 3 lots in this sale. No Grain & No Antibiotics.
