Assessor Comments	On offer are a well bred line of 75 Angus Steers, 11-13 months of age averaging 390kg at assessment. Steers are extremely well bred being Circle 8 Angus, Te Mania Angus & Texas Angus bloodlines. Purchased as weaners in August at 230kg, Steers have jumped away, averaging around 1.6kg per day on pastures, really showing their growth and breeding, large frame and tremendous bone and structure. These Steers will suit a short backgrounding program or the feedlot situation perfectly and will make domestic markets in no time, suitable to be grown right out into Bullocks with their frame and growth traits. NOTE - Steers are in a perfect weight gain condition, showing outstanding frame and complementary gain!
