Properly yard weaned out of a herd of well managed and yard trained females with a very odd heifer getting agitated in the crush but all heifers were headbailed for eye inspection and tag reading. Easy heifers to manage for media and worked through the assessment process quite easily. Cattle bred in the Billabong Beef program are noted for their good temperament.

Assessor Comments	EU Accredited Angus heifers with plenty of frame presenting in fresh store condition and ready to hurtle along given favourable feed conditions. Noted cattle in both feedlot and grass conditions, the Billabong Beef progeny carry an excellent reputation for performance from many previous buyers. By top end Ardrossan and Injemira sires and bred out of big volume females these females have never had an opportunity to the bulls. Greenham Never Ever and/or PCAS Grass declaration available at buyers request. Note 2 heifers (red tags) treated earlier in year with antibiotics and can be left out at buyers discretion. Noted an odd heifer with some warts around face/neck. Multiple options, join as breeders or take out to heavyweight feeders or heavy kill heifers. Billabong Beef also offering another 32 baldy heifers in this sale.
