Assessor Comments	100 Watervalley Angus Heifers, Ex Bogalara 290 -388 kg weight range, Ave 316.1kg LW Curfewed. Presenting in forward store condition coming through a dry autumn and winter fed on hay. They have a good medium frame in fresh condition that will gain weight fast given the opportunity. The heifers were Preg tested empty on 9th December 2024. True to Angus type, with off types and lighter animals drafted out at assessment. Buyers could expect a very small crossbred influence and hybrid vigour in a very small percentage, an odd heifer has slight white on the belly. As well as approx 5%, with very minor ringworm. Run out the gate from 400 heifers in this line. The Watervalley cattle They are well known for their doing ability and will perform well for those buyers looking for improver cattle to add value to their purchases.
