| Assessor Comments                         | Vendor bred Shorthorn and Shorthorn cross heifers that were early weaned and have had to fend for themselves. Heifers weighed 264kg to 434kg to average 358.7kg following a 19 hour curfew. Vendor normally handles cattle with horse / vehicle / bike. Heifers have been joined to a Shorthorn bull and provide a great opportunity to purchase heifers that will go forward and do a job either as a breeder or to fatten. |                                     |       |                 |                                           |                                                             |                                     |      |     |       |      |   |     |      |     |  |  |   |     |
