Assessor Comments Very good line of 2.5 year old Crawford and Dunoon blood Angus first calver heifers presenting in forward store condition. Heifers were purchased as two ptic vendor bred lines ex the Riverina and calved down with the intension of keeping as breeders but due to seasonal conditions vendor has decided to sell. Calves are sired by Crawford and Dunoon Angus bulls and were marked on the day of assessment consisting of 34 males and 29 females. Great quality well-handled young females that will suit any Angus breeding operation. Heifers are in great condition to re join to bull of choice and are doing a great job on their calves.
