Assessor Comments	A small run of EU Cows & Calves, cows present in forward store condition after coming through a tough winter doing an outstanding job on their calves at foot. There would be cows that are broken mouths and some with larger teats due to age but as seen in the photos not currently affecting condition or ability to raise their calves. A small but good line of proven breeders that offer a great trade opportunity to split and sell in the Autumn. Please note calves aren't marked but can be prior to delivery.
