Assessor Comments: A line of 43 Angus Heifers with CAF average 396.5kg on a 16hr curfew. Sept/Oct drop 2022, Calves weighed from 45-85kg to average 68kg, all being sired by LBW "YERWAL ESTATE" Angus Bulls **PCAS Eligible** Antibiotic Free & Grass Fed Only. Heifers present in healthy strong store condition as they are putting everything into their calves. Being sold due to not fitting in with July/August calving program, represents a great opportunity for anyone starting off or addition to anyone's herd, they are not re-joined and ready for the bull of your choice. Please note a very small portion of heifers have a small pink-eye scar not detrimental to the animals health. They will grow on to be great future breeders and have their whole lives in front of them.
