Assessor Comments	A nice line of 27 brangus x cows preg tested in calf to brangus bulls. Cows have been running on light coastal with some improved pastures but were purchased with the idea of doing a quick trade by the vendor. They would be ideal breeders for someone wanting a nice quiet line of brangus x cows. All cows have a good temprement with a handful slightly stirring up when singled out but once back with the mob were not a problem. BUYERS PLEASE NOTE THE COWS WILL BE OFFERED CLEAR OF THE DIP (Vendor will pay for all clearing charges) There is 1 white cow which is a genetic throw back from the breeder - buyers can have the option to reject her if wanting a straight black line
