Quiet: 42 head	Quiet: 42 head	Temperament not assessed in Paddock

Nice quiet cows to handle, were no fuss throughout entire process. Over many years of handling cattle from "Inchidoney" temprament has never been an issue. Well handled and educated cattle.

Handled With	Bikes , Dogs , On foot , Vehicles
Assessor Comments	An excellent line of 2019 drop Poll Hereford Cows in forward to fat condition with good fresh August / September bobbies at foot. Cows have had all their health treatments, calves are unmarked, although if this was an issue it would take much to slip a ring on them if needed. Part of a genuine herd restructure which has resulted in their need to move on. Cows in the prime of life certainly would slot into any whiteface operation ready to take your bulls of choice immediately or would offer a very inviting trade option as well. Worthy of close consideration
