Assessor Comments	An excellent line of Autumn calvers. These cows are large frame, deep bodied females. They have been excellent producers for the Fosters and they are only for sale due to the upcoming sale of the property. These cows are predominately middle aged with sound mouths. They are PTIC to an excellent quality Milong Angus bull who is throwing growthy calves with plenty of style. An exellent line of cows that have produced a calf every year and will continue to produce quality prodgeny for years to come.
