Assessor Comments	On offer is 14x14 quality Angus heifers with Angus calves at foot. These big frame heifers are in prime condition weighing av 610kg. Calves are sired by Morago Angus bull and heifers have been running back with same bull. Calves are mostly 2-3 mths av 127kg. (3 calves younger) Heifers were purchased in vendor bred lines as well bred yearling heifers all with bloodlines, but have since lost breeding details. Vendor wanted do it properly and grew them out till large frame heifers then joined so have calved as 2.5-3yr old heifers. These would fit on neat single deck. Note the bull is available if wanted to keep with heifers. 1 heifer had slight blue scarring but not detrimental. Calves unmarked but been vaccinated
