Assessor Comments Nice line of quality Angus Heifers and calves to take on. Heifers carry the very good Riddlevue & Dysart Angus Blood and are doing an excellent job on their calves at foot, by the Rennylea & Hazeldean Angus Bulls. Heifers show excellent fertility, all joining up in 2 cycles and calving unassisted in a tight 6 week period, giving the successful purchaser an even drop of calves to go forward with. Heifers present in fresh store condition and present with plenty of Length & Frame. All carrying a big healthy bag of milk and doing an excellent job on their calves, despite running on very basic, unimproved pastures in what has been a very tight season in the Upper Murray. Heifers are on the do & will continue to go forward with the season, ready to take home to join up to the bull of your choice.
