Assessor Comments Healthy line of young females, with bright eyed, fresh calves at foot. A combination of lightening some numbers going in to Summer, along with a very good preg testing result, has made these young females surplus to requirements. Quality young breeders that boast years of pure Reiland Angus genetics. Heifers have a nice maternal style about them, with very pretty faces, and a good bag of milk underneath them, doing a terrific job on their calves. Buyers please Note. Vendor has another lot of 1st-3rd calvers in same sale, as well as some PTIC females.
