Quiet: 15 head Slightly Stirry: 4 head Stirry: 1 head	Quiet: 13 head Slightly Stirry: 6 head Stirry: 1 head	Temperament not assessed in Paddock

Cows were good to handle in the yards. A few getting a bit stirred up when they were drafted off their calves, then again when they were caught in the head bale and mouthed. None showing any aggressive behaviour, just doing some stomping and bellowing in the crush at mouthing, then taking a bit to settle back down in the yards.

	Traits
1 Head	Birthmark on face
1 Head	Minor eye blemish
2 Head	Small white flank

Assessor Comments: Healthy line of young fit breeders, with bright eyed, ‘up & going’ calves at foot averaging 142kg. A combination of lightening some numbers going in to Summer, along with a very good preg testing result, has made these ‘prime of their life’ females surplus to requirements. Quality breeders that boast years of pure Reiland Angus genetics. Genuine classed in females that have a nice maternal style about them, with very pretty faces, and a good bag of milk underneath them, doing a terrific job on their calves. Buyers please Note. Vendor has another lot of 1st calvers in same sale, as well as some PTIC females.
