	Rotationally grazed and extensively handled out in the paddock. Still some nervous behaviour in the yards when in closer proximity to the handler. Just needing a little bit more handling to ease their anxiety and get them more calm & settled.

Assessor Comments	Nice lot of young Black baldy Heifers with the hard work of maiden calving behind them. Heifers that boast quite the genetic background, being from a herd of large framed, pure Yavenvale Hereford Cows, By select The Glen Angus sires. The Jeffcott family are renowned producers in the Upper Murray with a reputation for breeding calves with exceptional growth for age that go on to hit export specs in no time. Repeatedly being purchased by in-house bullock fatteners. These healthy young breeders are all doing an excellent job with their bright eyed, fresh calves and would be an ideal addition to an established herd, or for the keen hobby farmer.
