Assessor Comments	19X19 Station mated Heifers and calves being offered under dispersal conditions as property has been sold. Quality young med to large framed Angus females that present in forward to prime condition with great udders doing a very good job on their August- September calves. Vendor bred with Table Top Angus blood for 6+ years and running back with the bull since 23/10 until delivery (Bull available for purchase). Health treatments are all up to date with cows having Ivomec+ and Deltamax (fly and lice) calves first 5in1, Pilliguard and Deltamax at marking. In summary top quality young outfits that would improve most spring calving herds.
