Assessor Comments	28 x 28 Angus and Black Baldy heifers with Harris Farms Angus calves at foot. The heifers are August/September 2022 drop and purchased from East and South Gippsland. These heifers are a great opportunity for buyers to purchase a quality line of heifers that are realistically reserved. They have been running in hill country for the winter on short grass, and if given a chance they would jump ahead. The heifers have all calved unassisted and the vendor has selected the Harris Farms Angus bull for good muscle shape and high growth. Please note 1 heifer has an old pink eye scar that does not effect her vision, also 1 calf had a bad pink eye during assessment and was treated and patched (refer to photos).
