Assessor Comments	Outstanding PTIC Autumn calving Angus Heifers. Boolarra is offering 54 heifers in three lots. These heifers have been AI'd to Baldridge Command C036 on 9th of June 2024, which would have them calve in mid March 2025. The heifers were purchased off Crail & Winnidad in April 2024. They have had all the treatments. They are soft feminine heifers that are well grown and in perfect calving condition to a low birth weight AI sire. These heifers our out of two very prominent Western District herds of Crail & Winnidad. You will go a long way to find a better Angus heifer to calve in an as tight a calving period as physically possible, (one round of AI). Would be a absolute asset to any herd. Inspection are welcome and will not disappoint. Click on documents tab below photos and video tab for AI Sire details of Baldridge Command C036
