Assessor Comments	Great opportunity to purchase 3 in one units in the prime of their lives. These cows have very good Wagyu F1 calves at foot averaging 190 kg and cows have been rejoined to Wagyu sires for an 8 week joining with bulls taken out on the 1st of November. Cows are generally large frame with approx 6 smaller framed cows in the mob. Most of these cows have their 4th calf at foot and 5 have their 2nd calf at foot. Change of direction for the vendor and is selling all cows which gives buyers a great chance to get a quick pay out of these units, one calf had a cyst on rump treated at assessment.
