Assessor Comments	Exceptional line of the Brooklyn Pastoral Black Baldy Heifers. Always an impressive line of females, usually retained and offered at the Premier Female sale in January where they are sought after by repeat purchasers. These young females have an impressive genetics background, being bred from large framed Glendon Park Hereford Cows By select Riga Angus Bulls. They're an excellent example of the Black baldy hybrid, being long, deep females with very good bone. Females that would be an ideal line to add to part of a bigger mob, or as the foundations for a buyer just starting a a new line.
