|                                       | Extremely quite cattle with a great temperament. They are moved regularly around a rotational grazing management system, so they are frequently handled and are very well educated.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |                                   |                                   |

| Assessor Comments                     | A/c Mingbool Pastoral Co – 20 PTIC Angus Heifers, weighed from 525 - 590 kg full. There is a mob of 60 of these heifers which are very even and are to be sold as 3 x 20 as a run out the gate. The heifers present in forward condition, are extremely well grown out and are perfectly set up for an autumn calving. Due to calve from 1st March for 7 weeks. This is a fantastic opportunity to purchase young Angus females purposely selected for joining to LBW Lawson blood bulls and to sell PTIC. Purchased out of local feature weaner sales at Naracoorte, Mt Gambier, Ballarat & Mortlake. They have been identified into their first and second cycle of joining. The ear tags with numbers 199 and above calve in the first cycle and the tag numbers 198 and below calve in the second cycle. |                                   |                                   |
