Assessor Comments	Here's a great opportunity to purchase so very well bred PTIC Angus Heifers, The vendors pride themselves on breeding low maintenance easy care cattle with a great doing ability. Low birth weight bulls are selected for high growth and mussel, ease of calving with good milking ability. These Heifers have come through a very tough year but have grown well and held their condition all the way through. They will not disappoint as future breeders in any herd. Please note a couple Heifers are carrying some white under the belly.
