These cattle were a pleasure to handle in both the paddock and yards with no fuss at all. Only a couple stirred up in the race. These few were no trouble in the drafting pound and after being let out of race settled once let back in to the mob.

Notable Traits	Traits
1 Head	Active pinkeye that is starting to clear. Eye still pink/white but not weeping. (see photo)

Assessor Comments	A quality line of Angus heifers that are really bouncing ahead in weight gain on lucerne paddocks that have hayed off in the heat. Heifers were excellent to handle in the paddock and in the yards as a whole when drafted out of a large mob. The Cobram Farms cattle are always bred from an excellent female base with only select sires used of high quality. These cattle are bred to perform and are renowned for their do-ability with repeat buyers. These nice young heifers would be ideal to feed on to export weights or to join and become quality breeders.
