The Sam cattle are normally very quiet and placid in the paddock however they are a little quick under pressure. Best								

Handled With	suited to those with cattle experience. Vehicles
Assessor Comments	A very nice line of Speckle Park steers that are ready to boom away on good feed. They will grow into impressive steers with excellent confirmation and have heaps of style, depth and muscle. They will make magnificent grown steers with the right feed and management. The blacks are also Speckle Park blood with sires in use from Fish Creek and Wattle Grove. Highly recommended for those looking for steers that are ready to fly on good feed.
