Assessor Comments	Buyers a great opportunity to secure a 4 deck line of VGQ PTE Red heifers . Heifers present in great condition and have piled the kilos on in buffel country after spending 6 months in the Mulga , they consist of a mixture of Vendor bred and heifers purchased as light weight weaners from Southern Queensland .This is the lead 4 decks and were drafted into weight specs to suit the 100 day feeder market .Alternatively the majority have the Quality to be and asset to most breeder herds if joined as replacements,mostly showing good bone with length ,depth and feminine characteristics.Please note heifers with horns are well inside ears , several show slight fly rub on neck ,one with old blight scar in one eye and three with white star or white underbelly none of which considered detrimental.Vendor has 3 decks lighter sisters this sale.
