Assessor Comments	Buyers a great opportunity to secure a 3deck line of VGQ PTE Red heifers . Heifers present in great condition and have piled the kilos on in buffel country after spending 6 months in the Mulga , they consist of a mixture of Vendor bred and heifers purchased as light weight weaners from Southern Queensland .These were drafted into a weight spec to suit the Domestic feeder marker .Alternatively the majority have the Quality to be an asset to most breeder herds if joined as replacements,mostly showing good bone with length ,depth and feminine characteristics.Please note heifers with horns are well inside ears , several show slight fly rub on neck ,one with old blight scar in one eye and three with white star or white underbelly none of which considered detrimental.Vendor has 4 decks heavier sisters this sale.
