Assessor Comments	Buyers, here is a good line of well bred EU Angus weaned steers that are antibiotic free & grass only eligible averaging 313kg. Steers have good stand up with plenty of room to fill out. These Steers show nice depth of flank with length of body, they are very soft smooth easy doing types with nice volume. Steers are bred out of medium to large frame Dalkeith bred straight Angus cows by Glenavon, Bowen & Carabar stud Angus sires. Steers worked very quietly through yards. Note 3 steers had slight old blue eye scarring but not detrimental. Vendor has other lines in same sale.
