Assessor Comments	A nice line of very good quality Angus weaned heifers. They would be ideal to background to feeder weights or alternatively would be suitable to retain as future breeders. A genuine sale of vendor bred heifers with none having been retained by the vendor. These heifers are growing well and are cleaning up in the coat nicely. The heifers were an absolute pleasure to handle through all parts of the yards and have been very well educated through the weaning process. Buyers, please note three heifers have white in navel. Please note vendor has 4 lots total in the same sale.
