Assessor Comments	A Good quality line of Angus and Black Baldie steers that are ideal backgrounders / Feeders. Steers were purchased on the back of a great season in October and November to get to heaver weights and sell off as feeders direct to the feedlot but unfortunately the hot weather came and the rain stopped, steers are set to go immediately forward given the feed in the paddock or at the Feedlot as they are at the right age and are all frame. Steers averaged 366 Kg's full at assessment thus offering a quick trade for the backgrounders, Vendor noted that steers are great to handle in the paddock also. Please see another line of 36 EU Steers off the same place on offer in this same sale. Don't miss a great opportunity to buy cattle that go forward straight away !!
