	Pastoral cattle that on delivery should be dropped in yards and allowed to settle . Lead of cattle had run in yards but blocked up ok. Good to handle in crush and race with the odd heifer getting excited. With good facilities these cattle are not an issue.
Handled With	Bikes , Vehicles
Assessor Comments	85 well bred , well grown heifers in store condition. 10 to 14 months old. All heifers weighed from 270 kg to 340 kg full to average 298 kg empty. Excellent heifers to background for next winters premium to a feedlot. I mark cattle ideal to put a bull with. Typical station cattle , some run & a little excitement in yards but generally fine with good facilities. Approximately 5 heifers with a blue eye or old scarring. Realistic reserve for heifers with frame , carrying no weight. Please ring with any questions.
