Very easy heifers to handle. Well educated through yards. Walked through race and stood on scales with a minimum of fuss. Out of a herd that all have a quiet temperament.

Assessor Comments 56 x Vendor bred, Autumn drop, Weaner Heifers offered by the Harbison family that are surplus to requirements. Heifers present well considering the challenging season and dry summer period. Properly weaned & yard educated these heifers were a pleasure to draft & assess. Lead of vendors surplus heifers with a 20% tail taken out. Well bred heifers out of a large framed cow herd that would make ideal future breeders or equally suit a grass or grain feeder job. There is the odd heifer still to clean up in the coat and there are 11 black baldy heifers present in the draft. Grass fed & antibiotic free declaration available upon request.
